Trusted by over 30,000 dental professionals across 2,600 practices

iComply is the most widely used dental compliance solution, backed by the largest team of dental experts in the UK.

Our market-leading, user-friendly software gives you all the documents, guidance and support you need for CQC inspection success at your practice or dental group. Our company size and 40 years of experience enable us to keep you up to date with the ever-changing regulatory landscape, provide personal attention and continuously develop our software with new features.

Up to 17% Higher CQC Pass Rates

Our members' CQC pass rates are up to 17% higher than those without iComply because we provide you the guidance, support and software to ensure you're always inspection ready and pass with flying colours.

Best-in-Class Software

iComply is a super-easy-to-use application that simply tells you and your team WHAT to do, WHEN to do it and HOW to do it. We're the only software that prioritises tasks and has e-signing of documents to save you time and hassle.

Full Personal Support

We provide you technical and compliance support, document assistance and ongoing training. You can be confident that we'll be there for you when you need support with your compliance.

Perfect for Groups

We have developed a set of tools specifically for group practice management, designed to give you full control and oversight of all sites within your group, making it easier, faster and more efficient to manage compliance across multiple sites.

"I don't live in fear of the inevitable call from the CQC because I am confident that the iComply system keeps me on track and informed of all the latest requirements. Being a Dental Practice Manager can be a very lonely job, especially when all the team look to me for the answers. The iComply team are only a phone call away and always happy to help with any questions we have, so I take comfort in the knowledge that I have the answers. I honestly wouldn't want to work in a practice that didn't have iComply to rely on."

**Samantha Bokhorst, Practice Manager,
Distinctly Dental**

"At a touch of a button, I can view each practice individually to see where they are and how and they're completing their compliance. Are they up to date? Are they struggling? Do they need further help? And to me, that is unquestionably one of the best benefits of iComply."

Outsource your compliance management to Agilio experts

Does compliance get in the way? Our iManagers will do it for you!

iManage Practice supplements your practice management with a remote expert who will update your policies and procedures each month, review any completed logs and audits, and then prepare a report accompanied by an action plan tailored just for you.

iManage Group is designed to provide an outsourced group-level compliance manager to growing DSOs, taking the pressure off your operations team to help them focus on growing the business.

This is achieved through updating your group policies and procedure templates on a rolling basis, carrying out virtual spot checks, talking to your PMs and then reporting to your board each month.

The stats speak for themselves!

- 97% of members would recommend this service
- Members have halved the time spent on compliance
- 92% of users have achieved their goal with iManage in the first year
- 99% of users feel more confident about their practice's compliance status
- The average member has gained 20 more days each year to focus on their business!

Join over 550 dental practices using iTeam to manage their HR

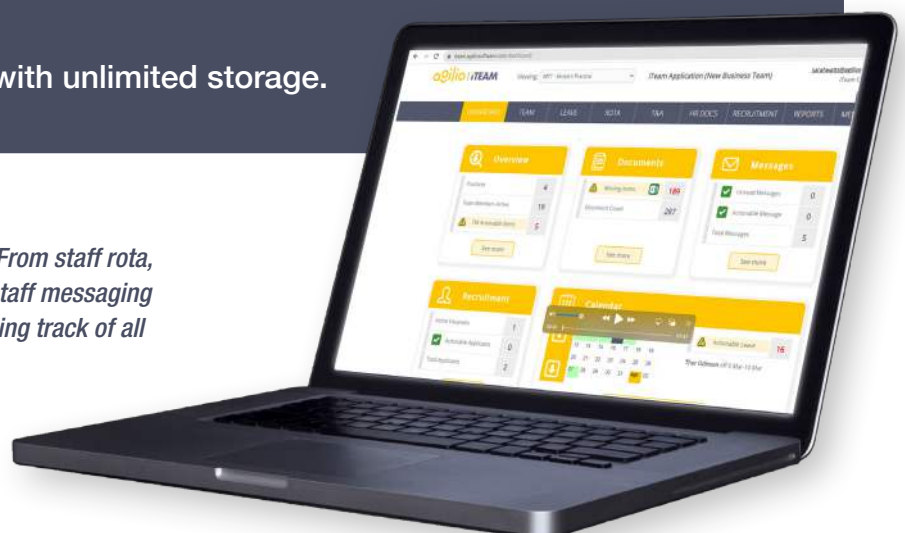

Stay on top of everything to do with your team, their wellbeing and employment.

iTeam is an intuitive HR management solution designed by dental professionals specifically for dental practices, unlike any other HR product available. With over 40 years' experience in dental, we know the employee challenges that practice owners face on a daily basis. Our iTeam application and HR support is designed to reduce administration, remove the headache of using multiple spreadsheets and provide you with peace of mind that you are managing your team in line with current employment legislation.

- ✓ Reduce agency costs by managing and sharing rotas quickly and efficiently. Our intelligent software will provide you with intuitive warnings to prepare for: rota clashes, insufficient nurse to clinician ratios and unassigned shifts.
- ✓ Specialist HR helpline: our experienced team of dental HR advisors can support you on difficult areas such as disciplinary issues, grievances and contract reviews.
- ✓ Tracking tool to monitor and record if team members have read and accepted key practice documents.
- ✓ Simple reporting tool, allowing you to download multiple reports, to improve retention, manage sickness, annual leave, DBS checks and many more.
- ✓ Leave calendar suitable for employed and self-employed team members.
- ✓ Team member self service features, easily accessible on smart phones and tablets.
- ✓ Online HR document file with unlimited storage.

"It is so useful having all functionalities in one place. From staff rota, annual leave, sickness, clocking in and out systems, staff messaging services and compliance/staff training. It makes keeping track of all very easy."

Cheryl Williams Senior Administrator, FaceMed

Boost chair time and reduce downtime through digital asset management

Use iService to track, service, repair and replace your dental equipment: the UK's first dental-specific asset management solution.

Has faulty equipment cost you time and money? Do you struggle to manage all your assets across practices? Do you lose track of faults and services? Do you ever wonder whether it's more cost-effective to fix or replace equipment? If you answered to yes to any then iService is for you.

Why you need iService

Save money

Reduce costly repairs and replacements as well as lost revenue from unplanned downtimes.

Save time

No more hunting for paper, everything is stored digitally in one place for quick and easy access.

Stay compliant

Breeze through CQC inspections and reduce potential health and safety risks with fully serviced assets.

Perfect for groups

Imagine the bulk discounts and servicing efficiencies if you knew what you had across the estate.

"iService is enabling me to keep all equipment documentation in one secure place so everyone knows where to find them. It's also made it very easy to get service plan quotes as I could download the asset register and just send it over rather than spend time creating spreadsheets. The system is user-friendly and the team is always on hand if help is required."

Naomi Young, PA to the Practice Director, Treetops Dental Surgery

Dental plans with a difference

We help you provide first class dental care on affordable terms. Your patients won't just feel confident that they're getting the best possible preventative care and treatment from a practice they know and like; they'll also be reassured that the whole family's dental health is being taken care of without any financial surprises.

We know dental plans make sense for both practices and patients and if you don't already offer them then you're probably in the process of introducing them.

Why switch to Agilio?

Speedy on-boarding of new patients

Expedite the benefits of dental plans to your practice and patients using our digital onboarding flow.

Digital dashboards to monitor plans

Our digital practice portal provides easy-to-use dashboards to track dental payment plans 24/7.

High quality customer support

Our knowledgeable and experienced team are there to support you at every stage. We can also customise patients' brochures with your branding for free as part of our service.

Optional Worldwide Dental Accident & Emergency Cover

Benefits include peace of mind that the family are covered at home and abroad and emergency dental treatment away from home.

★REVIEWS.io ★★★★★

“ My practice would be totally lost without Agilio, we use all their applications. I'd thoroughly recommend Agilio, no matter how small or large your practice is.
